

Academic Help is Available...

at the LEARNING LAB

Located in room E102 *(near the Library)*

- This room is open to all students, every class period, every day. There are teachers available at all times for student support. *(go to HOME drop down tab for list of teachers available)*
- We highly recommend any student who may be struggling or wishes to improve their grade, in any subject, to use this ideal space.
- The Lab is a quiet work place. A student can choose to work silently by themselves or sit with a tutor and ask questions as needed.
- The Learning Lab Website and Symbaloo *(link on Home page)* provide students with easy access to many key tools including reference tables, formula sheets, review items, educational links...etc.
